DETAILED ACTION

1. The Applicant's amendments of 17 August 2007, filed after the Board of Appeals and Interferences decision, are noted and made of record.
2. Claims 1-8 and 10-12 have been presented for examination.
3. Claims 9, 13, and 14 have been canceled as per Applicant's request.

Allowable Subject Matter

4. Claims 1-8 and 10-12 are allowed.
5. As noted on page 6 of the Board's decision of 20 June 2007, the prior art does not show sending details of the algorithm used for encryption to the authenticating entity along with the encrypted padded (spoiler) challenge/response data. Since the Examiner could not find any teachings or motivation for sending details of the algorithm used for encryption to the authenticating entity along with the encrypted padded (spoiler) challenge/response data, claims 1-8 and 10-12 are therefore novel and non-obvious.
